# ARNOVA

Presents the

## Best 2022 Poster Award

to

**Sungeun Kim**

for

*The effects of nonprofit collaboration on equity in service delivery  
after COVID-19*

For the 2022 at the ARNOVA Best Poster Award Session, highly competitive scholars presented their research. It was an amazing opportunity to get to know them and their research work. It was a really very difficult task to pick a winner for the Best Poster Award as all were brilliantly presented.

After a prolonged and careful review of all the posters before and after the session based on the competitive criteria of Methodology, Creativity, Impact and Theory, the committee assigned for selecting a winner for the Best Poster Award have nominated: Sungeun Kim from Oakland University for the 2022 ARNOVA's Best Poster Award for the research title: "The effects of nonprofit collaboration on equity in service delivery after COVID-19".
